Have got it made:

If you've got it made, then you have everything you need for success or for a comfortable, easy or happy life:

1. Nice house, good job, lovely family - ***you've got it made!***
2. It seems that some people ***have got it made***, but many of them are probably maxing out their credit cards.
3. Most people living in first world countries ***have got it made***. They have opportunities to create a better life for themselves that people in other countries don't have.
4. Everyone in Finland already has a legal right to *free* broadband internet. By 2015 everyone will have free access to a 100 Mb broadband connection. ***They've got it made.***
5. Vienna, Austria is currently the number one city in the world to live. ***They've really got it made.*** One big problem they have though, is that they don't have any beaches there.
